

**Ministry of Defense  
Health Directorate of General Commander  
Qandahar Regional Hospital Directorate**

June 2009

Dear Ms. Walker,

We have received your donated medical textbooks. On behalf of everyone at Qandahar Regional Military Hospital, I thank you and all the Operation Medical Libraries donors for collecting and providing these books to us.

With the help of our colleagues, we arranged these books on shelves so that anyone can access these books anytime during the day. We believe these books will be very effective and helpful in increasing and updating the knowledge of our doctors and staff.

Once again I would like to extend our appreciation through this letter from the depth of my heart for your help. I wish you and your family good health and success.

We hope to receive your support and cooperation in the future.

With warm regards,

Colonel Dr. Abdulbasir Elaj  
Director of Qandahar Regional Military Hospital  
The Head way Comp Qandahar Afghanistan
